

Central Library
MANIT, Bhopal

CIRCULAR

All students, research scholars and faculty members are informed about the creation of a new subcategory under the Central Library link on the main webpage of MANIT website. This info link, titled ***New Arrivals***, has been created with the sole objective of providing prompt information about all new books received in the Central Library at any point of time. This will facilitate students, research scholars, staff and faculty to have updated information about our collection, and pick the books of their choice and interest immediately.

It may please be noted that the creation of this link in no way negates the practice of new arrivals' information being sent to the recommending department by Central Library, which will continue as before.

The ***New Arrivals Link*** is up and running now. We request all our subscribers to check this link regularly for updated information about new arrivals.

Dated: 25 / 09 / 2012
